A drummer (and you know a drummer never tells a lie) told us how a preacher tested the effects of hard times on his congregation. At the conclusion of one of his sermons he said: "Let everybody in the house who are paying their debts stand up." Instantly every man, woman and child, with one exception rose to their feet. The preacher seated them and said: "Now let every man who is not paying his debts stand up." The exception noted a care worn, hungry looking individual clothed in his last summer suit, slowly assumed a perpendicular position. "How is it my friend," replied the minister, "that you are the only man in the congregation who is unable to meet his obligations?" "I run a newspaper," he meekly answered "and the brethren who just stood up are my subscribers, and—" Let us pray," exclaimed the minister.—Quash Observer.

The Best is the Cheapest.

Not how cheap but how good, is the question.

The Twice-a-Week Republic is not as cheap as some so-called newspapers. But it is as cheap as it is possible to sell a first-class newspaper. It prints all the news that is worth printing. If you read it all the year round you are posted on all the important and interesting affairs of the world. It is the best and most reliable newspaper that money and brains can produce—and those should be the distinguishing traits of the newspaper that is designed to be read by all members of the family.

Subscription price \$1 a year. Any news dealer, newspaper or postmaster will receive your subscription, or you may mail it direct to

THE COST OF A PIANO.

Don't measure the cost of a piano altogether by the price you pay.

The permanent satisfaction it will give, the quality of tone it possesses and will possess after years of use, and the amount of repairs that it will then need, are important points. If these things count, you will find no Piano cheaper than a Steinway. Therein lies its merit.

The Eagle devil, on his return from the Wichita Carnival, reported there were the best natured girls up there he ever saw. Out of thousands he saw on the streets, only one got mad, and she was from Euclid. She whaled a kid for stuffing paper wads down her back. The devil thinks she was entirely to particular; considering things.—Euclid Eagle.

RELIEVED WOMEN

WINE OF CARDUI

has brought permanent relief to a million suffering women who were on their way to premature graves. Mrs. Mitchell was fast declining in health, when Wine of Cardui performed a "wonderful cure" in her case. She suffered with the agonies of falling of the womb, leucorrhoea and profuse menstruation. The weekly appearance of the menses for two months stopped her vitality until she was a physical wreck. Her nervous system gave way. Then came the trial of Wine of Cardui and the cure. Mrs. Mitchell's experience ought to commend Wine of Cardui to suffering women in words of burning eloquence.

is within the reach of all. Women who try it are relieved. Ask your druggist for a bottle of Wine of Cardui, and do not take a substitute if tendered you.
